E. Public Participation Plan:

Tri-County Community Council, Inc. has collaborative relationships with several agencies. We work with Local Coordinating Boards in all counties and are an Affiliated Agency with United Way of Northwest Florida. This affiliation provides opportunities to share information and receive feedback about the services we provide. The Executive Director serves on three Regional Workforce Development Boards in the area. We take advantage of community events setting up displays, distributing brochures and other related material. We depend on staff at doctor’s offices, veteran’s administration, senior centers, schools, health departments, one stop centers, and outreach offices to inform the public of our services. Flyers are posted in these locations as well. Transportation schedules and updates are published in local newspapers.

F. Language Assistance Plan for providing language assistance to persons with limited English proficiency (LEP), based on the DOT LEP Guidance:

Tri-County Community Council, Inc.’s Limited English Proficiency (LEP) Plan:

In order to ensure meaningful access to the Tri-County Community Council, Inc.’s transportation services, the following Four Factor Analysis was completed.

1. **The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.**

   Telephone schedulers, office staff and drivers have not had issues with the inability to communicate with an LEP person due to language barriers. Likewise, according to the US Census Bureau 2010 Census Block Groups for the State of Florida with selected fields from the 2007-2011 American Community Survey (ACS), the total population aged 5 years and older included 18,827 residents within the entire Holmes County area with 234 persons that spoke English “Less Than Very Well” (1.2%), 35 persons that spoke English “Not Well” (0.2%) and 40 persons that spoke English “Not At All” (0.2%). Within the Walton County area, there were 50,335 residents with 988 persons that spoke English “Less Than Very Well” (2.0%), 691 persons that spoke English “Not Well” (1.4%) and 145 persons that spoke English “Not At All” (0.3%). Within the Washington County area, there were 23,183 residents with 271 persons that spoke English “Less Than Very Well” (1.2%), 162 persons that spoke English “Not Well” (0.7%) and 1 person that spoke English “Not At All”.

   Additionally, according to the FDOT LEP plan, in Homes County there are 149 (0.7% of population) residents in the LEP group that speak Spanish and 10 (<.01%) that speak French Creole. In Walton, there are 959 (1.7%) residents that speak Spanish, 71 (0.1%) that speak Tagalog, and 91(0.2%) that speak Thai. In Washington, there are 269 (1.1%) residents that speak Spanish and 61 (0.2%) that speak German.

2. **The frequency with which LEP persons come into contact with the program.**
At this time, Tri-County Community Council transportation service has very few LEP clients and has no problems communicating verbally with them. We offer demand response services only with no fixed routes, so our riders generally have a translator assisting them with setting up the service.

The county in the Tri-County service area that meets the Safe Harbor threshold is a county in which services are pre-arranged, and any communication or assistance needed is handled prior to the customer receiving services. Any translation services needed are handled by in house staff or by volunteers assisting our agency. According to the Census (LEP.gov), out of the approximately 1,800 LEP in Walton County, 1,400 speak Spanish. As a result, ensuring we have verbal Spanish translation opportunities will be our priority. Complaint forms and procedures in Spanish will be available if requested.

3. *The nature and importance of the program, activity, or service provided by the program to people’s lives.*

Tri-County Community Council provides transportation services to any transportation disadvantaged resident of Holmes, Walton and Washington Counties. Our services are demand response services and reservations are made prior to pick up.

4. *The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.*

We currently have two transportation staff members that speak Spanish and can provide translation if the need arises. We would like to have some user guides printed in Spanish (our largest LEP group) and due to budget limitations, have requested assistance from West Florida Regional Planning Council. We will continue to work toward this goal.

By analyzing this Four Factor Analysis, Tri-County Community Council has determined that oral translation services (Spanish) are reasonable and will provide those services. In addition, translated vital documents and/or oral interpretation services will be provided upon request. This service will be provided in Spanish, however if interaction with any other LEP group occurs or if Census data begins to reflect a population shift, we will provide translation services (as budget allows) in other languages.

In the interim, Tri-County Community Council staff members will continue to attend community outreach events; ensure appropriate postings in vehicles; continue coordination with operators, office staff and drivers as they are most likely to interact with the public; continue to update/train staff interpreters on services, including changes to services, etc.
