Poverty Income Guidelines Effective October 1, 2019

People in the Household	Maximum Income (150% of Poverty Rate)
1	\$18,735.00
2	\$25,365.00
3	\$31,995.00
4	\$38,625.00
5	\$45,255.00
6	\$51,885.00
7	\$58,515.00
8	\$65,145.00
For each additional person in the household with more than 8 people, add:	\$6,630.00

## CALCULATION OF INCOME

Income qualifications may be determined by one of the following processes:

Most current last 30 days check stubs (if weekly add checks, divide by # of check stubs (normally will be 4), multiply by 52, divide by 12; if bi-weekly add check stubs, divide by # of check stubs (normally will be 2), multiply by 26; if bi-monthly add check stubs, divide by # of check stubs (normally will be 2), multiply by 24. These total will get a yearly income for wages. If monthly Income (child support, Social Security, TANF, etc.) multiply by 12 to get a yearly amount.
